### WB 35/10: Writing – Korky

Dear ...

My dog Korky is eleven years old **and** he's my best friend.

I'm not very happy today **because** Korky is ill.

He always eats his food, **but** he doesn't want it now.

**When** (**After**) I come home from school, we usually go to the park.

I took him to the park yesterday, **but** he just sat under a tree.

**After** I feed him, he usually wants to play with me.

He's always a happy dog, **but** he's very quiet now.

We're very sad, **so** maybe we'll send an e-mail to the Animal Hotline.
